

## **Capital Gains Tax checklist:**

The following questions will help tax agents determine possible capital gains tax (CGT) implications for their clients. A 'yes' response to any of these questions could indicate that CGT applies and should be investigated.

Some questions are intended to highlight the possibility of a capital gain or loss arising in the current year, others to alert users to the possibility of a CGT exposure in the future and the need to keep appropriate records. This list of questions is not exhaustive.
